Spencer's Father Gives Testimony

Tells of Punishing His Son to Make Him Obedient-Only a Few Other Witnesses Examined at Half Day

Teetifying to punishments he administered to his son to make him an obedient child and to have him suffer for his misdeeds, Wilbur L. L. Spencer of Lebanon, Conn., father of Bertram G. Spencer, now on trial for his life for the murder of Miss Martha B. Blackstone in Springfield, March 31. 1910, went on the witness stand in the Hampden county superior court in Springfield Saturday morning to do what he could to show the temperament and conduct of the prisoner during his entire life.

From the time the boy was a year old until he grew to manhood, the

father reviewed events in his life, telling of pasiosnate outbursts, during which the boy swore and made attempts to assault him and other persons, and of peculiar attacks of frenzy which he seemed to suffer. The father was under direct examination about an hour, and the district attorney used only a few minuts in cross-examination.

The prisoner made only one outbreak, and that not a violent one, Saturday morning. It came when Joseph Stedman of Brattleboro was testifying about the prisoner's actions when he was a boy.

Court came in at 9.35 o'clock and Attorney R. P. Stapleton called as the Attorney R. P. Stapleton called as the men first witness Dr. Hosea A. Quimby, superintendent of the Worcester state hospital. He aestified to the mental condition of Mrs. Helen A. Tiffany, a relative of Spencer on his mother's side, who died lu the asylum. District Attorny Callahan objected to any descriptions as to Spencer's mental condition. At one time witness saw Spencer throw a heavy weight at one of his fether's clerks in the elder Spencer's store. At that time he lookted will and uncontrollable.

The district attorney objected to any conclusions that Spencer was uncontrollable. Witness saw him having such "spells" many times—as fishpole from the bag and breaking a fishpole from the bag and breaking a

"How would you compare his appearance those times with that of a man in ordinary anger?" asked Mr. Staple ton. The witness replied that the expression of his face was different from that of an ordinary man in anger.

The examination brought out that the witness was not a Christian man when Spencer was a boy, and that his punishments were to cause obedience. He never intended to shoot the boy.

The next witness was John Landers, a one-armed man, and an inmate of the state farm at Bridgewater at the present time, serving a sentence for drunkenness. The witness has his home in Chicopee, where he has lived more than 50 years.

For a month or so he was a watchman over Spencer at York street jail, Springfield when he was confined there. Spencer was in a cell over Landers and the latter stayed outside. About September 15 Spencer broke his stool he had to sit on in his cell. Just before that he had complained of headache.
